

N162F

900004-P

Angle bracket. SS304

Ø5/8" and Ø1" holes. 1" nut set included.

N162F is a mast bracket with Ø5/8" and Ø1" holes for all types of antennas. It includes mounting nut/washer for all antennas with 1"-14TPI thread. It is a very versatile and installation friendly mast mount. This mount is manufactured in premium quality materials in order to prevent galvanic corrosion. The mount is always subject for improvement. The mount has the same rugged design as all other AC Antennas products thus it withstands harsh environmental conditions, both on Sea and Land.
