

## N255F

900043-A

Deck mount for low antennas. PVC

1" 14TPI male. Fits 1" 14TPI low ferrule antennas.

N255F is a universal deck mount for mounting antennas with 1"-14 TPI ferrule. It is a very versatile deck mount with installation friendly front mount. N255F is intended for applications where the coaxial cable is protected inside the mount and cable feeding through the deck. This mount is manufactured in premium quality materials in order to prevent galvanic corrosion. The mount is always subject for improvement. The mount has the same rugged design as all other AC Antennas products thus it withstands harsh environmental conditions, both on Sea and Land.
